# CITY VOTERS APPROVE SCHOOL BOND ISSUE

## Democrats Nominate Miller for Mayor

### 'BRINK LOSES BY 361 VOTES IN PRIMARIES

### Totals On Vote Here At Primary

Councilmen Reid And Crites Defeated; Horn Wins From Mumaw

Thurman I. Miller, Democrat, and Joe Glitt, Republican, will be the candidates for mayor of Circleville in the November elections.

Miller, present safety director under Mayor Ben H. Gordon, defeated Joe Brink in the Democratic primary Tuesday by 361 votes. Official totals on the contest showed Miller received 1012 votes and Brink 651.

Glitt, east end grocer, with no opposition on the Republican ticket, was given a complimentary vote of 422.

IN THE DEMOCRATIC councilman-at-large race Robert E. Adkins, Ralph E. Wallace and Ray B. Anderson were nominated. Anderson is the only one in council at present. Fourth man in the vote was William M. Reid, present member of council.

Fred D. Brown, insurance salesman, defeated George L. Crites, now in council, in the third ward race. Brown won by 26 votes.

Boyd L. Horn, fourth ward councilman, retained his position by winning over Charles L. Mumaw.

LARGE complimentary votes were given Miss Lillian M. Young, city auditor; Everett P. Stocklen, city treasurer; George E. Gerhardt, city solicitor, and Luther Bower, president of council. All are Democrats.

Only Republican nominated, besides Glitt, was John W. Eshelman for first ward councilman. He is now serving by appointment.

Others nominated, without opposition, were Ray Cook, Democrat, second ward councilman, and Charles A. Graham, Democrat, first ward councilman.

Miller won in every precinct except 1-D and 4-B. Brink had 44 votes to 34 for Miller in 1-D and 65 to 48 in 4-B.

### ONE MAN'S OPINION

By Walter Kierman

President Aleman has a pleasant visit with us — he leaves with millions of new friends and new dollars.

But of all the visitors who have made a stop at the loan window we can vote him least likely to go home and start telling us how to run the bank.

New York found Aleman genial, polite and discreet. At no time in his talks with Mayor O'Dwyer did he say, "now tell me how you run your subway for five cents."

Politicians still are talking of the mayor of Havana who killed himself because he could not carry out a campaign promise. The feeling is that this was an isolated case of political honesty and vaccination is not necessary.

Meanwhile there are almost as many differences of opinion as what happened at the Moscow conference as there were differences of opinion at the Moscow conference.

### HEAVY FROSTS MAY HIT AREA DURING NIGHT

Weatherman Says Mercury May Dip To Freezing In This Section

Damaging frosts may hit the Circleville area Wednesday night and Thursday morning.

Weather forecasters said Wednesday's wind was scheduled to subside during the night and that the temperature would drop to freezing or near before Thursday morning. Clearing skies would bring with them frost.

Predictors stated that the central and eastern Ohio areas would be in the most danger, with the northern area probably being spared due to the influence of Lake Erie where the water temperature now is 44 degrees.

Sunshine is scheduled for Thursday but temperatures are slated to remain cool.

Frost now would hurt fruit trees and early garden crops. Most Spring farm work is already about two weeks behind and the danger from frost is not as great this year as it would be in other years.

### BOY KILLED IN HIGHWAY CRASH

Bicyclist Reported Hit By Auto On Route 23 Near Franklin County

Donald Lanning, 13, was killed at 10:30 a. m. Wednesday when the bicycle he was pedaling on U. S. Route 23, near the Pickaway-Franklin county line, was struck by an automobile.

A Columbus ambulance took the boy to Mercy hospital but he was dead on arrival there. At 1 p. m. the state highway patrol at Columbus disclosed the victim's name but said the boy's address was unknown. The patrol also said that the identity of the motorist was undetermined and that the tragedy was being investigated.

Pickaway County Sheriff Charles Radcliff was summoned to the scene of the accident at 10:45 a. m. His office said early in the afternoon that the sheriff had notified his office that he had gone on to Columbus but that aside from stating a boy had been killed he gave no information relative to the accident, which occurred about 17 miles north of Circleville.

### STRIKE LEADERS GIVING UP ON UNIFORM PACT

WASHINGTON, May 7 — Telephone strike leaders apparently abandoned hope of a uniform national wage settlement today as they stepped up efforts on all fronts to bring an end to the month-old communications tie-up.

The 49 members of the National Federation of Telephone Workers' policy committee returned home after six weeks in Washington to intensify peace talks between the local Bell companies and more than a score of NFTW affiliates.

The only negotiations going on in the capital are those involving the A-T and T long-lines department, which operates in 262 cities in 42 states, and the Western Electric company, A-T and T's manufacturing subsidiary.

A-T and T and the long-lines affiliate of NFTW were reported by government conciliators to be only 78 cents apart in their negotiations on a wage increase for 20,000 long-distance operators.

SOVIET LOAN OVER MOSCOW, May 7 — Soviet officials disclosed today that new government loan for 20 billion rubles already has been over-subscribed by 258 million rubles.

### STRIKE SETTLED

MILWAUKEE, May 7 — The Wisconsin Telephone company and the telephone guild of Wisconsin today agreed on a contract to end the Wisconsin phase of the nation-wide phone tieup.

SEARCH is underway in California for Esther Wetherell, 4, of Ashland, Cal., missing from her home for several days. Mrs. Wetherell, shown being comforted by her mother, said that an acquaintance visited the home and requested the child's company to San Francisco. The mother refused and went to a grocery store. When she returned the child was gone and Mrs. Wetherell found a note to the effect that "I took Esther. I will bring her back tomorrow."

DEATH TOLL IN WAA EMPLOYEES EPIDEMIC IS 27 LOSE POSITIONS

28 Other Babies Still Under Treatment In Hospitals For Diarrhea

ALLENTOWN, PA., May 7 — The death toll of an infant diarrhea epidemic that has swept the Allentown area in the last two weeks stood at 27 today.

Twenty-eight other babies were under treatment in hospitals.

Littlejohn told the senate executive expenditures committee that the firings resulted from a survey of every WAA employee after he found "unsavory things happening among those close to me and the administration."

He also testified that housing expeditor Frank R. Creedon resigned from his former post in WAA after his work was found "unsatisfactory".

Littlejohn declared many instances were uncovered by the survey of WAA employees having some financial interest in private firms dealing for surplus goods.

He said he had no record of the number fired, but added that "they came in every day".

Littlejohn was called to the stand to testify on a WAA "stop" order halting the sale to civilians of machine tools at the Curtiss-Wright plant, Lockland, Ohio.

### HISSONG PLANS DRIVE TO GET MORE TEACHERS

Education Director Calls Conference To Study Recruiting Campaign

COLUMBUS, O., May 7 — A state-wide teacher recruitment conference was called today by state education director Clyde Hissong for Friday in Columbus.

Hissong said he had invited all city, county and exempted village school superintendents, sponsors of future teachers clubs and all leading professional educational organizations.

At the same time, Hissong suggested a five-point program to help relieve the acute shortage of qualified teachers in Ohio schools.

HE SAID that the following recommendations were being made to the administrators of each school system in the state:

1. Development of a strong teacher recruitment program that will interest many of the better high school students in each school district to begin college training for a career as a professional teacher.

2. Adoption of an improved employment and placement practice that will prevent placing a teacher in any position, ir-

### 'IKE', HALSEY DEBATE MERGER

War Heroes Clash Over Plan To Unify American Armed Forces

RAMADIER GIVEN AUTHORITY TO REMAIN ON JOB

WASHINGTON, May 7 — Two of the nation's highest ranking war heroes clashed today over President Truman's proposal to merge the Army and Navy into one department.

Gen. Dwight D. Eisenhower went all out in support of the administration plan to establish a single department of national defense.

Admiral William F. Halsey, wartime Pacific commander, criticized various parts of the merger plan. Both testified before congressional committees.

Eisenhower, at the same time, strongly emphasized that he had no desire to put the Marine Corps "in the doghouse." He said he favored maintenance of a strong Marine force under the unification setup.

The chief of staff told the house executive expenditures committee that he wished to correct talk that he was "an enemy of the Marine corps."

Halsey, who won the nickname of "Bull" for his tactics in successful attacks against the Jap navy, said he could see no need for an "autonomous air force" under the plan to unify the armed services.

### 68 PERCENT OF BALLOTS FAVOR BUILDING PLAN

1495 Of 2210 Votes Cast Are For School Issue; Over In Every Precinct

Circleville voters Wednesday had authorized the city board of education to spend \$387,000 for needed improvements in the school system.

Almost 68 percent of one of the largest votes ever recorded in a Circleville primary election favored the school bond issue. A total of 1495 votes were cast Tuesday for the issue and 715 against, for a grand total of 2210 votes.

The issue carried in every precinct and by more than the required percent in eight of the 12 voting places.

Most overwhelming vote was in a precinct of the first ward where the ballots were 187 for the issue and only 36 against.

IN CARRYING on the campaign for the approval of the bond issue, the school board has

stated that the \$387,000 will be used to provide the school system with a modern trade school; up-to-date physical education building and for modernizing and improving grade school buildings.

Members of the board and school officials have stated that work will be started as soon as materials are available. They hope to get construction started in the near future but the impossibility of obtaining some materials at the present time may delay the program.

Civic organizations backed the issue and members campaigned for the program which was endorsed by the Booster Club, Chamber of Commerce, Junior Chamber of Commerce, Kiwanis club, Rotary club and other groups.

(Continued from Page One) respective of his training and certification.

3. Discontinuance of the practice of raiding Ohio colleges of students who have not completed their training.

4. Refusal to enter into a contract or agreement with any under-trained or certified teacher until there is sufficient evidence of the impossibility of filling the position with a fully qualified teacher.

5. Replacement first of those undertrained and temporarily certificated teachers who have the least training and who have taken no additional training.

MEANWHILE, Harold J. Bowers, supervisor of teacher education and certification, pointed up the teacher shortage by disclosing that only 567 new elementary teachers would be graduated from Ohio colleges this June. He added:

"Even in the pre-war years, more than 1,350 new elementary teachers were required each year and now we have increased enrollments to increase these requirements."

Bowers reported that 1,700 new high school teachers will be graduated in June. But, he said that this figure was only 81 per cent of a normal supply in the pre-war years. He added that there was a shortage of teachers particularly in the secondary fields of industrial arts, home economics, music, fine arts and business education.

# LEADERS SEE NO COMPROMISE ON TAX CUTS

Senate Committee Begins Work Of Drafting Tax Relief Program

WASHINGTON, May 7 — Sen. Millikin (R) Col., chairman of the senate finance committee, declared today there is no chance of a GOP "compromise" on tax reductions to avoid a presidential veto.

Millikin's committee met behind closed doors today to begin drafting a senate version of the house-approved 30-to-10 per cent tax relief bill. He promised completion of a bill—following the house plan with few changes—by the end of this week.

The major revisions anticipated in the senate are:

1. Knocking out the house Jan. 1, 1947 retroactive plan to make the tax relief bill effective July 1 of this year.

2. Cutting in half the bracket of taxpayers entitled to a 20 per cent cut under the house bill by lowering the 20 per cent "ceiling from incomes of \$302,000 to \$150,000.

Millikin said he saw no way of altering the GOP bill to make the measure sufficiently attractive to President Truman to win his approval.

DEMOCRATIC members of the committee went into the tax-writing session without any agreement on a "party position" on what they will oppose or support. The senate minority policy committee conferred yesterday but reached no agreement or decision on a uniform stand. Most Democrats favor postponement of tax relief until 1948. Some others violently oppose the pattern of the Republican plan under any circumstances.

Senators sponsoring a series of amendments to the Republican bill were given first consideration on today's agenda. The committee planned to hear Sens. McCarran (D) Nev., McClellan (D) Ark., Butler (R) Neb., and others on their proposed changes.

Tax leaders, however, were intent upon putting off until next year, when a general overhauling of the tax structure will be undertaken, changes unrelated to individual tax relief.

The house ways and means committee simplified this program for the senators by announcing that public hearings on the general revision of tax laws will be open May 19. The house committee plans to get preliminary study out of the way this year so the second session of the 80th congress can begin work on the general tax bill when it convenes in January.

**If Stomach Gas or Sour Food Taste Robs You of Sleep**

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As a good milking "old stomach" needs help. The result is—

Everything food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may remain undigested. So food, acid indigestion, and gas frequently follow. Acid, bid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To overcome these ills you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is an excellent medicine in breaking up this flow when it is too little or scanty due to a non-organic stomach disturbance.

This is due to the SSS Tonic formula which contains very special and potent activating ingredients.

## HERBERT TRIES TO SPEED UP OHIO ASSEMBLY

Appropriations And Strike Bills Before Solons; Governor On Job

COLUMBUS, O., May 7—Governor Herbert took a personal hand in speeding the lagging sessions of the legislature today.

With two bills in which he is vitally interested up for a vote this afternoon—the general appropriations bill in the house and the bill banning strikes by public employees in the senate—Herbert announced he was cancelling all out-of-town engagements “to be here in the hope we can speed the date of final adjournment.”

Herbert then met with the house taxation committee in an attempt to hasten a local government aid program. Despite his pep-talk, however, the committee failed to reach agreement in a session last night.

As a result of the failure, a special night skeleton session of the house, scheduled to receive the taxation committee's report, was forced to adjourn without action.

**THE BILL** outlawing strikes by all public employees, including teachers, received Herbert's endorsement even before he was informed that it was on today's senate calendar.

“I want a legislative declaration of policy,” Herbert told newsmen, “that public employees do not have the right to strike. I do not want any repetition of what took place at Jackson, (where highway workers walked off the job three times.) The great mass of public employees think in exactly the same vein.”

The bill would make it impossible for any striking public worker to receive any pay increases for three years after he went on strike.

The appropriations bill, earmarking a total of \$84 million dollars for state expenses in 1947 and 1948, was up for house passage, but the house leadership announced it would call a caucus of the Republican majority before the bill is brought to a vote.

**THE CAUCUS** will attempt to head off possible amendments, including one to restore the \$197,000 subsidy to veterans' organizations, ended after this year after being in effect since 1875, and one to increase the school appropriation.

The senate liquor control committee killed a bill to permit cities to establish earlier closing hours for taverns than the hours specified in the licenses, while the house liquor group recommended for passage the senate-approved bill exempting permit holders from the 90-year-old “fairgrounds act.”

**THE ANCIENT** statue, dug up last year by the WCTU, forbids the sale of intoxicants within two miles of an agricultural fair or within 1,200 yards of any orphanage or certain state institutions.

The house conservation committee heard several small, strip mine operators state they would be forced out of business if a control bill under consideration was enacted, but adjourned to hear more testimony next week.

The senate passed unanimously a bill to create an 18-member

## MOTHER OF SEVEN SEEKS DIVORCE FROM HUSBAND

Married for almost 20 years and the mother of seven children, Mrs. Georgia Callahan filed suit for divorce in Pickaway county common pleas court, Tuesday, accusing Charles D. Callahan, Circleville, of extreme cruelty.

Mrs. Callahan's petition, which gives no details of the accusation, recites that the marriage occurred Aug. 7, 1928 at Ironton and that they entered into a separation agreement May 5, 1947 involving settlement of all property rights. Mrs. Callahan also asks for custody of the children, Joseph D., 3, James William, 4, Virginia, 7, Charles R., 9, Carolyn, 12, Alfreda, 14, and Irma, 18.

The caustic sticks caused extreme irritation to the animal, and failed to stop horn growth effectively as a result of the animal rubbing the chemical off. It also resulted in injury to the animal's face and eyes due to careless application—often causing injury to other animals.

A new type of chemical dehorner has been found that promises to overcome the disadvantages.

The new product is an escharotic solution in which antimony trichloride and salicylic acid are combined. It is much less painful to animals than caustics containing hydroxides.

It has another advantage in that it does not extract fluid from the tissue, causing runny sores. It also dries quickly.

When applied to a horn button the escharotic solution forms a tough film that is not washed off by rain. An eschar forms beneath the film, and when it sloughs off, the horn button comes out with it.

The Lancaster fair board and 20th Century-Fox studios have reached an agreement for use of the fairgrounds throughout June as the locating for filming of a new movie, “The Green Grass of Wyoming”. The studio will bring 125 technicians and actors to the site.

Dr. Hugh M. Parshall, Urbana, one of the nation's veteran harness racers, will have a prominent part in the harness meet to be staged in conjunction with filming of the picture. The movie's plot revolves around horse racing.

Citizens of the city will appear in the crowd and fairgrounds shots.

# CHS NINE LOSES AT GREENFIELD

Tigers Compete In District Baseball Tournament Thursday Afternoon

Circleville high school baseball team started an intensive week's schedule Tuesday by dropping a 9-4 game at Greenfield.

Thursday the Tigers go to Columbus to compete in the central district class A baseball tournament; Friday they are scheduled to meet Logan here and Monday they entertain Washington C. H.

Bob Ferguson started at Greenfield and although he was stingy with hits walks, hit batsmen and errors let in eight runs. Three scored in the first inning with no hits; five in the third with three hits. Ralph Starkey finished the game, giving up five hits but only one run.

The Tigers jumped out in front in the first half of the first inning by scoring two runs on one hit, error and fielder's choice, Ed Webb and Dick Hartinger scoring. Webb scored again in the third when he was hit and advanced on a passed ball and wild pitch. Walks and a passed ball let in Jack Stout with the fourth run in the fourth inning.

The Tigers got only five hits, two by Hartinger, off D. Wiesman.

**AT DRAWINGS** for the district tournament Tuesday Circleville was paired with Columbus Aquinas. The teams will play at 4 p.m. at Arlington.

Other first round games scheduled for Thursday afternoon are: undefeated Linden and Columbus North; Marion vs. Columbus East; Arlington vs. Bexley; Grandview vs. Columbus St. Charles.

Columbus Central plays the winner of the East-Marion game Friday, while the winner of the South-West contest goes direct to the semi-finals, which are scheduled Saturday.

## RED BIRDS TRY FOR WIN AFTER LOSING 4 TO 3

By International News Service  
Columbus Red Birds sought today to start a new winning streak and keep on top of the American Association.

They were knocked off last night by fourth-place Milwaukee, 4 to 3, after winning seven in a row. The Brewers with their victory became the first western club to trip the Birds this season. They did it by getting all their runs in the second inning and holding Hal Anderson's crew for the rest of the game.

Minneapolis, which is currently filling the cellar position in the league, rose from the doldrums and whitewashed the champion Louisville Colonels, 6 to 0. Rube Fisher, Miller's right-hander, set the Red Sox farm team down with only three hits, while his mates pounded out 11 for two runs in the sixth and four more in the eighth.

In the only other game played, St. Paul tripped Indianapolis, 5 to 1. Lloyd Dietz went all the way for the Saints, allowing only five hits in the game which was called in the first half of the eighth because of rain.

Kansas City was rained out at Toledo.

## CARDS FACING CRITICAL GAME

St. Louis Drops Another To Dodgers; Reds Slug To Trounce Giants

NEW YORK, May 7—This is only the third week of the season, with few major league clubs having played as many as 15 games. Yet, even at so immature a stage, it may turn out to be do-or-don't day for the St. Louis Cardinals, the team that won a world's championship last Fall and now can't beat cream into a froth.

They lost the 10th of their last 11 games yesterday when the Dodgers came from behind to win, 7-6.

They'll be trying again today at Ebbets field in the second game of the Brooklyn series and the thing that makes the occasion significant, even vital, is that they will be going with Howie Pollet, their 21-game winner last year. If Pollet shows he's ready to go nine innings at top speed, all may yet be well with the Cards.

If he can't, and it becomes clear the slender left-hander still has the pitching-arm "mystery" that plagued him during the World Series, then it may be that the 1947 Cards have reached the end before they're rightly started.

MANAGER Eddie Dyer didn't want to concede quite that much early today, at least not publicly, but left no doubt as to the import of the game when he said:

"It will certainly provide an answer to some urgent questions."

It no doubt was one way of saying that, if Pollet can't win, the Cardinals won't. There's nobody else who can "carry" the staff. Harry Brecheen is good, very good; but he can't be over-worked.

Others on the staff don't want to, as George Munger proved again yesterday in blowing a 6-2 lead.

He didn't last beyond the sixth

where Carl Furillo hit a triple with the bases filled to tie it at 6-all, after which Pee-wee Reese belted John Grodzicki for the winning homer in the seventh. It was the sixth time this year the Cards have been unable to protect an early lead.

MEANTIME, the odd circumstance again was emphasized by which some features of the last World Series are now being played in reverse. Ted Williams, who couldn't hit an audible foul in the big event, crashed successive homers yesterday to give the Red Sox a 6-5 decision over the Browns in 11 innings.

Williams first tied the score with a ninth-inning homer off Jack Kramer, then delivered a three-run belt out of the park in the first half of the 11th. It was just as well those runners were aboard, for Jeff Heath delivered a two-run homer off Earl Johnson in the last half.

It was quite home-run Mardi Gras, all around, for little Eddie Lake hit one off the premises at Detroit in the eighth inning to give the Tigers a 3-2 decision over the Yankees and Alie Reynolds.

As a result, the Tigers moved within half-game of the leading White Sox, who were beaten, 3-0, by Bill Dietrich's five-hitter in behalf of the Athletics, to whom he had been returned by the Sox. Boston also moved up, going above .500 for the first time since opening day or thereabouts.

**THE PACE-SETTING** Dodgers kept their "interval" over the National League field, with the Cubs taking over second place, two games behind. They beat the Phillies, 3-2, with Bob Scheffing's seventh-inning single sending in the winning run.

They displaced the Pirates who took a 6-0 beating from Johnny Sain and the Braves in the first night game of the year. The Pir-

## REDS SEEKING SECOND VICTORY OVER NEW YORK

NEW YORK, May 7—The Cincinnati Reds were gunning for their second victory over the New York Giants today at the Polo Grounds.

Manager Johnny Neun nominated Joe Beggins to take the mound against Bill Voiselle. It will be the tall right-hander's fourth attempt to chalk up his first win.

The Reds exploded yesterday for 12 hits behind Bucky Walters and Harry

### THE ELECTION'S MEANING

WAS THE 1946 election really epoch-making? Many have spoken and written it rather extravagantly as if it were the most important popular decision since the adoption of the Constitution. The 1864 election which re-elected Lincoln and decided that the war with the South was to be fought to a finish, and the 1920 election which kept the United States out of the League of Nations, were to many quite minor compared with the defeat of the New Deal.

If by any chance the 1948 election should go the other way, this line of argument will be manifestly faulty. That of 1946 may be seen then as a flash in the pan, caused by anger at meat scarcity and war hardships, and not as a permanent turn to the right. The rise in President Truman's popularity, reported by the Gallup polls, may bear this out. Prudent observers will suspend final interpretation of the 1946 election at least till the 1948 returns are in.

Both parties will need to watch the step about being too sure and about pulling bad boners. It isn't the politicians who devote their attention to angling for votes who stand the better chance. Voters like square guys in important public places. Voters, moreover, are shrewder than they used to be.

### KNOWING RUSSIA

AMERICAN journalists in Moscow are amused and incensed when Ilya Ehrenburg and Konstantine Semenov, Soviet "experts" on America by reason of their tours in this country, interpret the United States to Russians and criticize the American press. The American correspondents think, and no doubt rightly so, that Ehrenburg and Semenov don't know what they are talking about.

But it would be perfectly fair to remind Americans of the tons of paper that have been used in this country to carry the words of American "inside" accounts on Russia based on equally brief visits in that country. America has some so-called experts, too.

It's worth a thought. Maybe we should interrupt our complaining or laughing at the mope in the other fellow's eye long enough to take a look at the beam in our own.

Neither side is going to get anywhere until thorough acquaintance and sound knowledge take the place of a superficial look and a quick guess.

Where are all the girls who used to be store clerks, teachers, librarians, nurses? Did they all marry G.I.'s and start to raise families?

## ASSIGNMENT: AMERICA

By Kenneth L. Dixon

Distributed by International News Service

WASHINGTON, May 7—"Fearless Fred" Bradley, as some of his fellow congressmen have started calling him, is getting the old frosty lorgnette treatment from some of the capital's ladies nowadays—and if they have their way, he's going to do some squirming.

But it's possible, just possible, that the outspoken Michigan Republican may have set off a long-simmering anti-society rebellion, instead.

There are mutterings in the ranks, my deah—mutterings in the ranks.

It all started the other day when Bradley, who is no neophyte in these parts, stood right up in school and stated for publication, (mind you!) that his head and stomach just couldn't take this slap-happy capital society pace any longer.

Furthermore, he said that the cocktail party and banquet routine was severely handicapping the efforts of the current session of congress. (Just imagine, my deah!)

You might expect such outright mutiny against the bejeweled beldames of the cavalier platter and punchbowl to bring forth shouts of chivalrous anger from fellow legislators.

But they have been—at this writing—strangely silent on that score. In fact, the only comment that you get (mostly unquotable) agrees emphatically with Bradley.

And far more bitter than the congressmen in rebellion are the various government officials, who often feel that many such party bids are command performances in the city's departmental hierarchy.

Now the Washington social whirl has always been a pretty dizzying spectacle, but there are plenty of men besides Bradley who will tell you that today it's a definite menace to good government.

The very fact that Bradley issued the blast should prove that the pace is hitting some sort of a peak. He's been around for five sessions now, and he never howled "uncle" before. True, he's shading the half-century mark, but many an American just begins to get festive at fifty. Besides, many a younger man also is taking the count.

You ask, why do they go? And you get some surprising answers.

They cite, for instance, the case of a well-known American who recently was appointed to an important diplomatic post abroad.

Normally, he didn't belong to the party-and-banquet breed. But most of these events named him guest of honor, and it's pretty rough to refuse in that case—almost insulting. Also, many invitations came from friends of the President, who had appointed him, and friends of the senators, who had confirmed him. He didn't want to seem ungrateful, so he went.

But he didn't go abroad. He didn't live that long. And hundreds of Washingtonians would agree today with one of his closest friends who said bitterly then, "now this you could call a 'society slaying.'"

The guest-of-honor gag is only one of countless such hostess tricks. Another sure-fire method in high-ranking federal circles is to invite people—and mention casually that their department chief has accepted. And, of course, that method can't miss with a military crowd.

Legislators can afford to be a little tougher, since their bosses generally are back home. But they can get caught in a bad cramp, when the smart hostess plays them one against another. If senator so-and-so

## DIET AND HEALTH

Causes of Tooth Disorders  
By HERMAN N. BUNDESEN, M.D.

UNFORTUNATELY, the work people do sometimes has a bad effect on their health. But in the light of present medical knowledge more of these hazards can be avoided if only they are recognized and proper preventive measures taken.

Dr. Lyman D. Heacock of the National Institute of Health, Washington, D.C., discusses some of these in the International Medical Digest. He points out that a number of conditions affecting the teeth and mouth may develop in certain industries.

### Dusts are Produced

For example, in certain types of work, dusts are produced which have an abrasive or wearing quality. These dusts over a long period of time may have an ill effect on the tooth enamel. These include such materials as sand, aluminum hydroxide and a red substance known as hematite.

Then, too, softening of the tooth structure may be due to the action of certain acids. Sulfuric acid, nitric phosphoric and hydrofluoric acids have a direct action not only on the enamel of the teeth but upon the dentin within the teeth. Exposure of the teeth directly or indirectly to these substances may result in tooth damage.

### An Acid Dust

An acid dust may occur in the atmosphere in some industrial plants which sooner or later has

a dissolving effect on the tooth enamel.

There are certain chemicals which may discolor the teeth such as chrome, which stains them yellow, and copper which causes a green color. The gums may become discolored as a result of certain minerals getting into the body such as mercury, bismuth, lead and nickel.

### Inflammation of Mouth

Then, too, inflammation of the mouth tissues may result from the action of many substances. For example, mercury may cause sore gums and inflammation of the lining membrane of the mouth. There may be ulcers or sores on the lips, and on the floor of the mouth produced by the action of chromate fumes. Exposure to benzene may produce bleeding of the gums, ulcers of the lining membrane of the mouth and, even, destruction of bone tissue. The effects of radium poisoning are well known to many people. These include destruction of the hard and soft tissues of the mouth.

In preventing these mouth disorders, an effort should be made to remove the cause and, of course, good hygiene of the mouth is important. This means keeping the teeth clean and well cared for.

Any infections in the teeth or gums should be cleared up. The teeth and mouth should be regularly examined and any abnormal conditions found, corrected at once. This, of course, means regular visits to the dentist.

## BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

### DISCARDING DECIDES IT

MANY OF THE prettiest squeeze plays—even the attractive double squeeze—involve nothing fancy about the way in which the tricks up to the squeezing point are played. They are merely taken in the natural order on a lot of occasions. The question of whether a squeeze develops or not depends in those cases on the discarding done by the squeezers. If he understands his squeezes, he sometimes can figure out in advance exactly what cards he wants to retain in his two holdings when he puts on the pressure, then discards on previous tricks so as to reduce the dummy and closed hand to those cards.

He then ran the spades, discarding to have the double squeeze position as he laid down the last one, the 4. West, with the heart Q and diamond Q-9, did not dare throw away the heart, which would set up dummy's J. So he tossed off a diamond, whereupon the heart J was discarded from dummy. Now East was up against it. If he shed the club 10, then the club 8 and diamond A would get the last two tricks. So he played the diamond 10 from his K-10. A lead then of the diamond 6 to the A dropped the Q and K, making the J the final trick winner.

## RACE DRIVERS TAKE 'STRIKE' TO AAA BOARD

INDIANAPOLIS, May 7—Members of the American Society of Professional Automobile Racers presented their "strike" against the Indianapolis Speedway today at a hearing before the contest board of the American Auto Association.

The AAA is the sanctioning group of national car racing.

Joe Lencki, Chicago racer owner, said the drivers' group would complain to the board that the Speedway, scene of the famed Memorial Day 500-mile classic, was violating AAA rules by failing to offer prize money "reasonably proportioned to gate receipts".

The drivers' association, comprised of more than 30 of racing's "name" drivers, has boycotted the 500-mile race and was prepared to stage its own event May 30.

Speedway President Wilbur Shaw has not yet answered the drivers' demands that prize money be raised to \$150,000 from \$75,000 and that they be cut in on a percentage of gate receipts for time-trials.

# Salary Boosts Voted By Circleville Councilmen

## INCREASES FOR CITY WORKERS SLATED AT ONCE

Police, Fire, Sewage, Health Department Employees To Receive Bonuses

Salary increases for members of the police and fire departments and employees of the sewage treatment plant are provided for in one of three ordinances which were passed as emergency measures under suspension of the rules at a lengthy session of the city council Tuesday night.

The other two ordinances authorized the transfer of cash to the department of public service for tools, equipment, and labor.

The council also passed a motion instructing City Solicitor George Gerhardt to prepare an ordinance providing a pay increase of 5 cents an hour for city service department laborers. That legislation is scheduled for presentation at the next session of council on May 20.

**THE SALARY** raise ordinance, designated as an amendment to the annual appropriation ordinance, provides "bonuses" as follows:

Fire department—Chief, regular salary \$135, bonus in 1947 of \$500 payable \$35 a month for the first four months, \$45 a month the last eight months; firemen, regular salary \$115 a month, bonus in 1947 \$620, payable \$55 a month for first four months, \$65 a month last eight months. Firemen working overtime will receive 75 cents an hour.

Police department—Chief, regular salary \$135, bonus in 1947 of \$500 payable \$35 a month for first four months, \$65 a month last eight months; policemen, regular salary \$125, bonus in 1947 of \$580, payable \$35 a month first four months, \$45 a month last eight months.

Sewage treatment plant—Chief operator, regular salary \$175 month, bonus last eight months in 1947 of \$10 a month; operators, \$10 a month for last eight months in 1947; clerk, regular salary \$75 a month, bonus \$12.50 a month.

City building janitor—Regular salary \$50 a month, bonus \$12.50 a month.

Health clerk—Regular salary \$66 a month, bonus \$9 a month.

**PRECEDING** the balloting on the ordinance Solicitor Gerhardt explained to the council that policemen and firemen were given a bonus in 1946 and that the payment of that bonus has continued during 1947 although the ordinance expired Dec. 31, 1946 and no new legislation had been passed to continue it. Therefore, he said, the pay increases now granted are actually for the final eight months in 1947.

The ordinances authorizing the transfer of \$2,500 from the auto license fund to the service department for labor, and the transfer of \$300 from the gas tax fund to the service department for tools and equipment, were designated as amendments to the annual appropriation ordinance.

## Ordinance To Charge For Water Connections Fails

Enactment of an ordinance fixing fees to be charged Circleville residents for the tapping of a water main and for installation of a water meter was blocked at Tuesday night's city council meeting by Councilmen Ray B. Anderson and Boyd L. Horn.

A resolution authorizing a contract with a Columbus engineering firm for the drafting of plans for improvements to the city-owned waterworks was passed by a 5 to 1 vote. The dissenting vote was cast by Councilman Horn.

Proposed abandonment of the city's fire alarm system — now badly crippled — was discussed by the council but no action was taken.

During the prolonged meeting Tuesday night the session was recessed for a period of 100 minutes during which members held executive "off the record" conferences.

**AFTER CLERK** Fred Nicholas had read the ordinance setting \$25 as the fee for tapping a water main and installation of water service with pipe not larger than three-fourths of an inch, and stipulating an additional fee of \$15 for installing a water meter outside of a dwelling or building — making the total cost \$40 in such cases — Councilmen George L. Crites and John W. Eshelman urged that the ordinance be abandoned. However, after considerable around-the-room discussion council took no action.

A complaint of improper drainage facilities on West High street, west of the Norfolk and Western Railway right-of-way, was referred to the service director and council's service committee.

Declaring that passage of the ordinance would be a betrayal of council's promises to the people, made during the campaign to purchase the water system from the private owners, Councilman Anderson asserted: "We made certain promises to the people and now we should live up to those promises. I'll never vote for

### \$27,017 BID ON HIGHWAY PROJECT IS SUBMITTED

Bids on bituminous treatment of 11.61 miles of State Routes 665 and 316 in Pickaway and Madison counties were opened Tuesday by the state highway department at Columbus.

The low bidder for the road improvement, which includes Monroe and Muhlenberg townships in Pickaway county, was the Union Asphalt Material company, Ostrander, whose bid was \$27,017. The highway department's estimate of the cost was \$29,580.

this ordinance to charge a resident \$40 to get water into his home."

After further discussion it was decided to postpone action on the ordinance. After the session adjourned Councilmen Crites and Eshelman said that Utilities Manager Ervin Leist had stated that actual cost of tapping a main and installing a meter averaged \$56.

The resolution pertaining to waterworks improvements authorized the board of municipal utilities to enter into a contract with the firm of Burgess and Niples, Columbus, to prepare plans and specifications for the proposed improvements. Just what the suggested improvements are or what the cost will amount to were unrevealed.

Proposed abandonment of the city's fire alarm system — now badly crippled — was discussed by the council but no action was taken.

During the prolonged meeting Tuesday night the session was recessed for a period of 100 minutes during which members held executive "off the record" conferences.

**MEMBERS** of council once more discussed the city's decrepit fire alarm system and once more Councilman Crites urged that the alarm system be abandoned. However, after considerable around-the-room discussion council took no action.

A complaint of improper drainage facilities on West High street, west of the Norfolk and Western Railway right-of-way, was referred to the service director and council's service committee.

A report of the city's financial condition as of May 1, read by Councilman Crites as chairman of council's finance committee, was approved by unanimous vote. The report, showing a balance on hand of \$56,865.97, follows:

General fund, receipts \$4,500.43, expenditures \$8,966.78, balance \$6,051.39; sewage disposal, receipts \$3,393.70, expenditures \$1,258.33, balance \$3,877.92; li-

## "The Watch Shop" Has Contacted the Disease

There is but one reason for this condition (that is our trouble) overstocked. Watches and Diamonds of quality are the same price to us as they have been — excepting some distressed importers who are getting out from under heavy stocks. Gold and silver, under government manipulation, are higher than ever in my lifetime and artisens who convert these metals receive exorbitant wages and are still asking more. There may be another reason, in that patriotic merchants are making the effort to live up to the government's illogical request to lower prices.

### HEAVY FROSTS MAY HIT AREA DURING NIGHT

Weatherman Says Mercury May Dip To Freezing In This Section

Damaging frosts may hit the Circleville area Wednesday night and Thursday morning.

Weather forecasters said Wednesday's wind was scheduled to subside during the night and that the temperature would drop to freezing or near before Thursday morning. Clearing skies would bring with them frost.

Predictors stated that the central and eastern Ohio areas would be in the most danger, with the northern area probably being spared due to the influence of Lake Erie where the water temperature now is 44 degrees.

Sunshine is scheduled for Thursday but temperatures are slated to remain cool.

Frost now would hurt fruit trees and early garden crops. Most Spring farm work is already about two weeks behind and the danger from frost is not as great this year as it would be in other years.

### ONE MAN'S OPINION

By Walter Kiernan

President Aleman has a pleasant visit with us — he leaves with millions of new friends and new dollars.

But of all the visitors who have made a stop at the loan window we can vote him least likely to go home and start telling us how to run the bank.

New York found Aleman genial, polite and discreet. At no time in his talks with Mayor O'Dwyer did he say, "now tell me how you run your subway for five cents."

Politicians still are talking of the mayor of Havana who killed himself because he could not carry out a campaign promise. The feeling is that this was an isolated case of political honesty and vaccination is not necessary.

Meanwhile there are almost as many differences of opinion as to what happened at the Moscow conference as there were differences of opinion at the Moscow conference.

### STRIKE LEADERS GIVING UP ON UNIFORM PACT

WASHINGTON, May 7 — Telephone strike leaders apparently abandoned hope of a uniform national wage settlement today as they stepped up efforts on all fronts to bring an end to the month-old communications tie-up.

The 49 members of the National Federation of Telephone Workers' policy committee returned home after six weeks in Washington to intensify peace talks between the local Bell companies and more than a score of NFTW affiliates.

The only negotiations going on in the capital are those involving the AT and T long-lines department, which operates in 262 cities in 42 states, and the Western Electric company, AT and T's manufacturing subsidiary.

A T and T and the long-lines affiliate of NFTW were reported by government conciliators to be only 78 cents apart in their negotiations on a wage increase for 20,000 long-distance operators.

SOVIET LOAN OVER MOSCOW, May 7 — Soviet officials disclosed today that new government loan for 20 billion rubles already has been over-subscribed by 258 million rubles.

CO-OP FRANCHISE TAX APPROVED BY COMMITTEE

COLUMBUS, O., May 7 — A bill to tighten the laws of libel was killed today by the house judiciary committee, which voted to postpone indefinitely further consideration of the measure.

Meanwhile, the house taxation committee recommended for passage the senate-approved measure requiring co-ops to pay the same franchise taxes as other corporations.

FLEES PRISON FARM

LONDON, O., May 7 — Police authorities throughout Ohio and Michigan were notified today of the escape from the London prison farm of Todd Allen, 39, Lorain county burglar sentenced to the Ohio penitentiary in 1944.

STRIKE SETTLED MILWAUKEE, May 7 — The Wisconsin Telephone company and the telephone guild of Wisconsin today agreed on a contract to end the Wisconsin phase of the nation-wide phone tieup.

SEARCH is underway in California for Esther Wetherell, 4, of Ashland, Cal., missing from her home for several days. Mrs. Wetherell, shown being comforted by her mother, said that an acquaintance visited the home and requested the child's company to San Francisco. The mother refused and went to a grocery store. When she returned the child was gone and Mrs. Wetherell found a note to the effect that "I took Esther. I will bring her back tomorrow."

28 Other Babies Still Under Treatment In Hospitals For Diarrhea

ALLENTOWN, PA., May 7 — The death toll of an infant diarrhea epidemic that has swept the Allentown area in the last two weeks stood at 27 today.

Twenty-eight other babies were under treatment in hospitals.

The outbreak originated in Allentown, where 18 babies have died. Four others have died in a Philadelphia hospital, where they were transferred from Allentown, and five have succumbed in Somerville, N. J.

Physicians at Somerset hospital in Somerville, where eight infants are under treatment, said they had not determined if the disease was transmitted from the victims in Allentown, 30 miles away.

Physicians reported some progress in the condition of 13 patients in Temple university hospital and one in children's hospital, Philadelphia, and six in Allentown general.

Several New Faces To Appear At City Hall Here, After January 1, 1948

New faces will be seen around the Circleville city hall after Jan. 1, 1948, as a result of Tuesday's primary election.

The mayor will be either Thurman I. Miller (D) or Joe Glitt (R), depending upon the outcome of the balloting at the Nov. 4 election. The winner in November will take over the reins of mayor from the present Mayor Ben H. Gordon who decided to not seek re-election.

It is certain that the city's official family will have a definite Democrat flavoring.

It is likewise certain that three members of the present council — all Democrats — will retain their seats in 1948 for the reason that they have no Republican opposition and winning the nominations Tuesday was tantamount to election to the post.

These three are Councilman-at-large Ray B. Anderson, Councilman Ray Cook of the second ward, and Councilman Boyd L.

### HISSONG PLANS DRIVE TO GET MORE TEACHERS

Education Director Calls Conference To Study Recruiting Campaign

COLUMBUS, O., May 7 — A state-wide teacher recruitment conference was called today by state education director Clyde Hissong for Friday in Columbus.

Hissong said he had invited all city, county and exempted village school superintendents, sponsors of future teachers clubs and all leading professional educational organizations.

At the same time, Hissong suggested a five-point program to help relieve the acute shortage of qualified teachers in Ohio schools.

HE SAID that the following recommendations were being made to the administrators of each school system in the state:

1. Development of a strong teacher recruitment program that will interest many of the better high school students in each school district to begin college training for a career as a professional teacher.

2. Adoption of an improved employment and placement practice that will prevent placing a teacher in any position, in-

### 'IKE', HALSEY DEBATE MERGER

War Heroes Clash Over Plan To Unify American Armed Forces

RAMADIER GIVEN AUTHORITY TO REMAIN ON JOB

WASHINGTON, May 7 — Two of the nation's highest ranking war heroes clashed today over President Truman's proposal to merge the Army and Navy into one department.

Gen. Dwight D. Eisenhower went all out in support of the administration plan to establish a single department of national defense.

Admiral William F. Halsey, wartime Pacific commander, criticized various parts of the merger plan. Both testified before congressional committees.

Eisenhower, at the same time, strongly emphasized that he had no desire to put the Marine Corps "in the doghouse." He said he favored maintenance of a strong Marine force under the unification setup.

The chief of staff told the house executive expenditures committee that he wished to bolt his hold-the-line policy on wages, squeezed through by a margin of 404 votes.

Former premier Leon Blum reportedly rallied sufficient support to Ramadier when he revealed that the latter may succeed in attaining a compromise solution with the general confederation of trade unions based on production bonuses.

He said he had no record of the number fired, but added that "they came in every day".

Littlejohn declared many instances were uncovered by the survey of WAA employees having some financial interest in private firms dealing for surplus goods.

He said he had no record of the number fired, but added that "they came in every day".

Littlejohn was called to the stand to testify on a WAA "stop" order halting the sale to civilians of machine tools at the Curtiss-Wright plant, Lockland, Ohio.

Search for three men who escaped from the Federal Reformatory at Chillicothe at 5:30 a. m. Wednesday was in progress in Pickaway county, Wednesday noon, by deputies dispatched by Sheriff Charles Radcliff.

The escapees are: James Howell, Charles L. McIntosh, and Robert E. Cobb, aged 18 to 22.

GRAND JURY TO MEET MONDAY AT COURT HOUSE

### 68 PERCENT OF BALLOTS FAVOR BUILDING PLAN

1495 Of 2210 Votes Cast Are For School Issue; Over In Every Precinct

Circleville voters Wednesday had authorized the city board of education to spend \$387,000 for needed improvements in the school system.

Almost 68 percent of one of the largest votes ever recorded in a Circleville primary election favored the school bond issue. A total of 1495 votes were cast Tuesday for the issue and 715 against, for a grand total of 2210 votes.

The issue carried in every precinct and by more than the required percent in eight of the 12 voting places.

Most overwhelming vote was in a precinct of the first ward where the ballots were 187 for the issue and only 36 against. A plurality of only 15 votes was recorded in 1-D where the vote was 56 for and 41 against the issue.

IN CARRYING on the campaign for the approval of the bond issue, the school board has stated that the \$387,000 will be used to provide the school system with a modern trade school; up-to-date physical education building and for modernizing and improving grade school buildings.

Members of the board and school officials have stated that work will be started as soon as materials are available. They hope to get construction started in the near future but the impossibility of obtaining some materials at the present time may delay the program.

Civic organizations backed the issue and members campaigned for the program which was endorsed by the Booster Club, Chamber of Commerce, Junior Chamber, Kiwanis club, Rotary club and other groups.

Discontinuance of the practice of raiding Ohio colleges of students who have not completed their training.

Refusal to enter into a contract or agreement with any under-trained or certificated teacher until there is sufficient evidence of the impossibility of filling the position with a fully qualified teacher.

Replacement first of those under-trained and temporarily certificated teachers who have the least training and who have taken no additional training.

MEANWHILE, Harold J. Bowers, supervisor of teacher education and certification, pointed up the teacher shortage by disclosing that only 567 new elementary teachers would be graduated from Ohio colleges this June. He added:

"Even in the pre-war years, more than 1,350 new elementary teachers were required each year and now we have increased enrollments to increase these requirements."

Bowers reported that 1,700 new high school teachers will be graduated in June. But, he said that this figure was only 81 per cent of a normal supply in the pre-war years. He added that there was a shortage of teachers particularly in the secondary fields of industrial arts, home economics, music, fine arts and business education.

# LEADERS SEE NO COMPROMISE ON TAX CUTS

Senate Committee Begins Work Of Drafting Tax Relief Program

WASHINGTON, May 7 — Sen. Millikin (R) Col., chairman of the senate finance committee, declared today there is no chance of a GOP "compromise" on tax reductions to avoid a presidential veto.

Millikin's committee met behind closed doors today to begin drafting a senate version of the house-approved 30-to-10 per cent tax relief bill. He promised completion of a bill—following the house plan with few changes—by the end of this week.

The major revisions anticipated in the senate are:

1. Knocking out the house Jan. 1, 1947 retroactive plan to make the tax relief bill effective July 1 of this year.

2. Cutting in half the bracket of taxpayers entitled to a 20 per cent cut under the house bill by lowering the 20 per cent "ceiling from incomes of \$302,000 to \$150,000.

Millikin said he saw no way of altering the GOP bill to make the measure sufficiently attractive to President Truman to win his approval.

DEMOCRATIC members of the committee went into the tax-writing session without any agreement on a "party position" on what they will oppose or support. The senate minority policy committee conferred yesterday but reached no agreement or decision on a uniform stand. Most Democrats favor postponement of tax relief until 1948. Some others violently oppose the pattern of the Republican plan under any circumstances.

Senators sponsoring a series of amendments to the Republican bill were given first consideration on today's agenda. The committee planned to hear Sens. McCarran (D) Nev., McClellan (D) Ark., Butler (R) Neb., and others on their proposed changes.

Tax leaders, however, were intent upon putting off until next year, when a general overhauling of the tax structure will be undertaken, changes unrelated to individual tax relief.

The house ways and means committee simplified this program for the senators by announcing that public hearings on the general revision of tax laws will be open May 19. The house committee plans to get preliminary study out of the way this year so the second session of the 80th congress can begin work on the general tax bill when it convenes in January.

## If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food in a Year

You can't feel cheerful, be happy and sleep well if your stomach is always upsets. And if your stomach is always upset, you must increase the flow of vital gastric juice. The reason is this: Everything food enters the stomach a vital gastric juice must flow normally to break up cellular food particles; else the food may ferment. Sour taste, indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restlessness, sleeplessness.

To feel really good you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have proven that SSS Tonic is the best tonic to help you digest food. SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains many special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gas digested more easily and blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-dose salts and other alkalis to counteract gas and acid. That's what you so dearly need is SSS Tonic to help you digest food for body strength and happy peace. SSS Tonic has helped millions of both men and women of all ages from your drug store today. SSS Tonic helps Build Sturdy Health.

## Steps to GOOD MILKING

TO PRODUCE HER GREATEST quantity of milk, a cow must be properly milked. The new fast milking plan will save time, produce cleaner milk, more milk and reduce the number of cases of mastitis or garget.

NATURE'S WAY of getting the cow to "let down" her milk is by letting the calf nurse.

THE CALF'S WARM, MOIST MOUTH stimulates the cow to "let down" her milk. This same "let down" can be quickly obtained by washing the cow's udder and teats with a cloth wrung from warm water. WIPING AND MASSAGING THE UDDER and teats also promotes faster "let down" and more milk as well as cleaner milk with a lower bacteria count.

Proper buildings and equipment are most important in the production of Good Quality Milk—Sanitary Practices are essential.

## HERBERT TRIES TO SPEED UP OHIO ASSEMBLY

Appropriations And Strike Bills Before Solons; Governor On Job

COLUMBUS, O., May 7—Governor Herbert took a personal hand in speeding the lagging sessions of the legislature today.

With two bills in which he is vitally interested up for a vote this afternoon—the general appropriations bill in the house and the bill banning strikes by public employees in the senate—Herbert announced he was cancelling all out-of-town engagements “to be here in the hope we can speed the date of final adjournment.”

Herbert then met with the house taxation committee in an attempt to hasten a local government aid program. Despite his pep-talk, however, the committee failed to reach agreement in a session last night.

As a result of the failure, a special night skeleton session of the house, scheduled to receive the taxation committee's report, was forced to adjourn without action.

**THE BILL** outlawing strikes by all public employees, including teachers, received Herbert's endorsement even before he was informed that it was on today's senate calendar.

“I want a legislative declaration of policy,” Herbert told newsmen, “that public employees do not have the right to strike. I do not want any repetition of what took place at Jackson, (where highway workers walked off the job three times.) The great mass of public employees think in exactly the same vein.”

The bill would make it impossible for any striking public worker to receive any pay increases for three years after he went on strike.

The appropriations bill, earmarking a total of \$84 million dollars for state expenses in 1947 and 1948, was up for house passage, but the house leadership announced it would call a caucus of the Republican majority before the bill is brought to a vote.

**THE CAUCUS** will attempt to head off possible amendments, including one to restore the \$197,000 subsidy to veterans' organizations, ended after this year after being in effect since 1935, and one to increase the school appropriation.

The senate liquor control committee killed a bill to permit cities to establish earlier closing hours for taverns than the hours specified in the licenses, while the house liquor group recommended for passage the senate-approved bill exempting permit holders from the 90-year-old “fairgrounds act.”

**THE ANCIENT** statue, dug up last year by the WCTU, forbids the sale of intoxicants within two miles of an agricultural fair or within 1,200 yards of any orphanage or certain state institutions.

The house conservation committee heard several small strip mine operators state they would be forced out of business if a control bill under consideration was enacted, but adjourned to hear more testimony next week.

The senate passed unanimously a bill to create an 18-member

## MOTHER OF SEVEN SEEKS DIVORCE FROM HUSBAND

Married for almost 20 years and the mother of seven children, Mrs. Georgia Callahan filed suit for divorce in Pickaway county common pleas court, Tuesday, accusing Charles D. Callahan, Circleville, of extreme cruelty.

Mrs. Callahan's petition, which gives no details of the accusation, recites that the marriage occurred Aug. 7, 1928 at Ironton and that they entered into a separation agreement May 5, 1947 involving settlement of all property rights. Mrs. Callahan also asks for custody of the children, Joseph D., 3, James William, 4, Virginia, 7, Charles R., 9, Carolyn, 12, Alfredia, 14, and Irma, 18.

# CHS NINE LOSSES AT GREENFIELD

Tigers Compete In District  
Baseball Tournament  
Thursday Afternoon

Circleville high school baseball team started an intensive week's schedule Tuesday by dropping a 9-4 game at Greenfield.

Thursday the Tigers go to Columbus to compete in the central district class A baseball tournament; Friday they are scheduled to meet Logan here and Monday they entertain Washington C. H.

**Bob Ferguson started at Greenfield and although he was stingy with hits walks, hit batters and errors let in eight runs. Three scored in the first inning with no hits; five in the third with three hits. Ralph Starkey finished the game, giving up five hits but only one run.**

The Tigers jumped out in front in the first half of the first inning by scoring two runs on one hit, error and fielder's choice, Ed Webb and Dick Hartinger scoring. Webb scored again in the third when he was hit and advanced on a passed ball and wild pitch. Walks and a passed ball let in Jack Stout with the fourth run in the fourth inning.

The Tigers got only five hits, two by Hartinger, off D. Wise man.

**AT DRAWINGS** for the district tournament Tuesday Circleville was paired with Columbus Aquinas. The teams will play at 4 p.m. at Arlington.

Other first round games scheduled for Thursday afternoon are: undefeated Linden and Columbus North; Marion vs. Columbus East; Arlington vs. Bexley; Grandview vs. Columbus St. Charles.

Columbus Central plays the winner of the East-Marion game Friday, while the winner of the South-West contest goes direct to the semi-finals, which are scheduled Saturday.

## RED BIRDS TRY FOR WIN AFTER LOSING 4 TO 3

By International News Service  
Columbus Red Birds sought today to start a new winning streak and keep on top of the American Association.

They were knocked off last night by fourth-place Milwaukee, 4 to 3, after winning seven in a row. The Brewers with their victory became the first western club to trip the Birds this season. They did it by getting all their runs in the second inning and holding Hal Anderson's crew for the rest of the game.

Minneapolis, which is currently filling the cellar position in the league, rose from the doldrums and whitewashed the champion Louisville Colonels, 6 to 0. Rube Fisher, Miller's right-hander, set the Red Sox farm team down with only three hits, while his mates pounded out 11 for two runs in the sixth and four more in the eighth.

In the only other game played, St. Paul tripped Indianapolis, 5 to 1. Lloyd Dietrich went all the way for the Saints, allowing only five hits in the game which was called in the first half of the eighth because of rain.

Kansas City was rained out at Toledo.

## CARDS FACING CRITICAL GAME

St. Louis Drops Another To Dodgers; Reds Slug To Trounce Giants

NEW YORK, May 7—This is only the third week of the season, with few major league clubs having played as many as 15 games. Yet, even at so immature a stage, it may turn out to be do-or-don't day for the St. Louis Cardinals, the team that won a world's championship last Fall and now can't beat cream into a froth.

**They lost the 10th of their last 11 games yesterday when the Dodgers came from behind to win, 7-6.**

They'll be trying again today at Ebbets field in the second game of the Brooklyn series and the thing that makes the occasion significant, even vital, is that they will be going with Howie Pollet, their 21-game winner last year. If Pollet shows he's ready to go nine innings at top speed, all may yet be well

at the end before they've rightly started.

**MANAGER Eddie Dyer didn't want to concede quite that much early today, at least not publicly, but left no doubt as to the import of the game when he said:**

"It will certainly provide an answer to some urgent questions."

It no doubt was one way of saying that, if Pollet can't win, the Cardinals won't. There's nobody else who can "carry" the staff. Harry Brecheen is good, very good; but he can't be over-worked.

Others on the staff don't qualify, as George Munger proved again yesterday in blowing a 6-2 lead.

He didn't last beyond the sixth

## REDS SEEKING SECOND VICTORY OVER NEW YORK

NEW YORK, May 7—The Cincinnati Reds were gunning for their second victory over the New York Giants today at the Polo Grounds.

Manager Johnny Neun nominated Joe Beggs to take the mound against Bill Voiselle. It who couldn't hit an audible foul in the big event, crashed successive homers yesterday to give the Red Sox a 6-5 decision over the Browns in 11 innings.

Williams first tied the score with a ninth-inning homer off Jack Kramer, then delivered a three-run belt out of the park in the first half of the 11th. It was just as well those runners were aboard, for Jeff Heath delivered a two-run homer off Earl Johnson in the last half.

It was quite a home run Mardi Gras, all around, for little Eddie Lake hit one off the premises at Detroit in the eighth inning to give the Tigers a 3-2 decision over the Yankees and Allie Reynolds.

As a result, the Tigers moved within half-game of the leading White Sox, who were beaten, 3-0, by Bill Dietrich's five-hitter in behalf of the Athletics, to whom he had been returned by the Sox. Boston also moved up, going above .500 for the first time since opening day or thereabouts.

The Reds moved ahead of the Giants into sixth place by putting the crusher on Monte Kennedy and five other New York pitchers for a 11-6 frolic.

**THE PACE-SETTING** Dodgers kept their "interval" over the National League field, with the Cubs taking over second place, two games behind. They beat the Phillies, 3-2, with Bob Scheffing's seventh-inning single sending in the winning run.

## THE ELECTION'S MEANING

WAS THE 1946 election really epoch-making. Many have spoken and written it rather extravagantly as if it were the most important popular decision since the adoption of the Constitution. The 1864 election which re-elected Lincoln and decided that the war with the South was to be fought to a finish, and the 1920 election which kept the United States out of the League of Nations, were to many quite minor compared with the defeat of the New Deal.

If by any chance the 1948 election should go the other way, this line of argument will be manifestly faulty. That of 1946 may be seen then as a flash in the pan, caused by anger at meat scarcity and war hardships, and not as a permanent turn to the right. The rise in President Truman's popularity, reported by the Gallup polls, may bear this out. Prudent observers will suspend final interpretation of the 1946 election at least till the 1948 returns are in.

Both parties will need to watch the step about being too sure and about pulling bad boners. It isn't the politicians who devote their attention to angling for votes who stand the better chance. Voters like square guys in important public places. Voters, moreover, are shrewder than they used to be.

## KNOWING RUSSIA

AMERICAN journalists in Moscow are amused and incensed when Ilya Ehrenburg and Konstantine Semenov, Soviet "experts" on America by reason of their tours in this country, interpret the United States to Russians and criticize the American press. The American correspondents think, and no doubt rightly so, that Ehrenburg and Semenov don't know what they are talking about.

But it would be perfectly fair to remind Americans of the tons of paper that have been used in this country to carry the words of American "inside" accounts on Russia based on equally brief visits in that country. America has some so-called experts, too.

It's worth a thought. Maybe we should interrupt our complaining or laughing at the mote in the other fellow's eye long enough to take a look at the beam in our own.

Neither side is going to get anywhere until thorough acquaintance and sound knowledge take the place of a superficial look and a quick guess.

Where are all the girls who used to be store clerks, teachers, librarians, nurses? Did they all marry G.I.'s and start to raise families?

## ASSIGNMENT: AMERICA

By Kenneth L. Dixon

Distributed by International News Service

WASHINGTON, May 7—"Fearless Fred" Bradley, as some of his fellow congressmen have started calling him, is getting the old frosty lorgnette treatment from some of the capital's ladies nowadays—and if they have their way, he's going to do some squirming.

But it's possible, just possible, that the outspoken Michigan Republican may have set off a long-simmering anti-society rebellion, instead.

There are mutterings in the ranks, my dear—mutterings in the ranks.

It all started the other day when Bradley, who is no neophyte in these parts, stood right up in school and stated for publication, (mind you!) that his head and stomach just couldn't take this slap-happy capital society pace any longer.

Furthermore, he said that the cocktail party and banquet routine was severely handicapping the efforts of the current session of congress. (Just imagine, my dear!)

You might expect such outright mutiny against the bejeweled belles of the cavalier platter and punchbowl to bring forth shouts of chivalrous anger from fellow legislators.

But they have been—at this writing—strangely silent on that score. In fact, the only comment that you get (mostly unquotable) agrees emphatically with Bradley.

And far more bitter than the congressmen in rebellion are the various government officials, who often feel that many such party bids are command performances in the city's departmental hierarchy.

Now the Washington social whirl has always been a pretty dizzying spectacle, but there are plenty of men besides Bradley who will tell you that today it's a definite menace to good government.

The very fact that Bradley issued the blast should prove that the pace is hitting some sort of a peak. He's been around for five sessions now, and he never howled "uncle" before. True, he's shading the half-century mark, but many an American just begins to get festive at fifty. Besides, many a younger man also is taking the count.

You ask, why do they go? And you get some surprising answers.

They cite, for instance, the case of a well-known American who recently was appointed to an important diplomatic post abroad.

Normally, he didn't belong to the party-and-banquet breed. But most of these events named him guest of honor, and it's pretty rough to refuse in that case—almost insulting. Also, many invitations came from friends of the President, who had appointed him, and friends of the senators, who had confirmed him. He didn't want to seem ungrateful, so he went.

But he didn't go abroad. He didn't live that long. And hundreds of Washingtonians would agree today with one of his closest friends who said bitterly then, "now this you could call a 'society slaying.'"

The guest-of-honor gag is only one of countless such hostess tricks. Another sure-fire method in high-ranking federal circles is to invite people—and mention casually that their department chief has accepted. And, of course, that method can't miss with a military crowd.

Legislators can afford to be a little tougher, since their bosses generally are back home. But they can get caught in a bad cramp, when the smart hostess plays them one against another. If senator so-and-so

## DIET AND HEALTH

### Causes of Tooth Disorders

By HERMAN N. BUNDESEN, M.D.

UNFORTUNATELY, the work people do sometimes has a bad effect on their health. But in the light of present medical knowledge more of these hazards can be avoided if only they are recognized and proper preventive measures taken.

Dr. Lyman D. Heacock of the National Institute of Health, Washington, D.C., discusses some of these in the International Medical Digest. He points out that a number of conditions affecting the teeth and mouth may develop in certain industries.

#### Dusts are Produced

For example, in certain types of work, dusts are produced which have an abrasive or wearing quality. These dusts over a long period of time may have an ill effect on the tooth enamel. These include such materials as sand, aluminum hydroxide and a red substance known as hematite.

Then, too, softening of the tooth structure may be due to the action of certain acids. Sulfuric acid, nitric, phosphoric and hydrofluoric acids have a direct action not only on the enamel of the teeth but upon the dentin within the teeth. Exposure of the teeth directly or indirectly to these substances may result in tooth damage.

#### An Acid Dust

An acid dust may occur in the atmosphere in some industrial plants which sooner or later has

a dissolving effect on the tooth enamel.

There are certain chemicals which may discolor the teeth such as chrome, which stains them yellow, and copper which causes a green color. The gums may become discolored as a result of certain minerals getting into the body such as mercury, bismuth, lead and nickel.

#### Inflammation of Mouth

Then, too, inflammation of the mouth tissues may result from the action of many substances. For example, mercury may cause sore gums and inflammation of the lining membrane of the mouth. There may be ulcers or sores on the lips, and on the floor of the mouth produced by the action of chromate fumes. Exposure to benzene may produce bleeding of the gums, ulcers of the lining membrane of the mouth and, even, destruction of bone tissue. The effects of radium poisoning are well known to many people. These include destruction of the hard and soft tissues of the mouth.

In preventing these mouth disorders, an effort should be made to remove the cause and, of course, good hygiene of the mouth is important. This means keeping the teeth clean and well cared for.

Any infections in the teeth or gums should be cleared up. The teeth and mouth should be regularly examined and any abnormal conditions found, corrected at once. This, of course, means regular visits to the dentist.

#### DISCARDING DECIDES IT

MANY OF the prettiest squeeze plays—even the attractive double squeeze—involve nothing fancy about the way in which the tricks up to the squeezing point are played. They are merely taken in the natural order on a lot of occasions. The question of whether a squeeze develops or not depends in those cases on the discarding done by the squeezer. If he understands his squeezes, he sometimes can figure out in advance exactly what cards he wants to retain in his two holdings when he puts on the pressure, then discards on previous tricks so as to reduce the dummy and closed hand to those cards.

East overtook the heart K lead with the A and returned the 7. South ruffing with the spade 3. The club K went to the A and the spade J was returned to prevent ruffing any clubs in dummy, the A winning. Both missing trump honors fell on the spade 10, third trick for the defense. When the club J was returned to the Q, the declarer saw his only chance to make the contract.

He then ran the spades, discarding to have the double squeeze position as he laid down the last one, the 4. West, with the heart Q and diamond Q-9, did not dare throw away the heart, which would set up dummy's J. So he tossed off a diamond, whereupon the heart J was discarded from dummy. Now East was up against it. If he shed the club 10, then the club 8 and diamond A would get the last two tricks. So he played the diamond 10 from his K-10. A lead then of the diamond 6 to the A dropped the Q and K, making the J the final trick winner.

moment. Then her mouth took on a little stubborn line. "Oh, I'll go with you sometime!"

"Promise or a threat?" demanded Danny.

"Take it as you like! Now get out!"

Rufus had declined rather bluntly their suggestion that he and Page go to Guiseppe's with them. "Did you want to go?" he asked Page as they walked away from the apartment house. He added before she could answer, "We'll go some other evening—the two of us!"

Her heart beat faster. There were only four blocks to walk and, in them, somehow, she must make him know—well, at least that he was helping her, that she was grateful to him!

She drew a little breath. "I'm terribly ashamed—about that crack I gave Diane. I deserved just what you said to me."

He looked down at her searching. "You're an honest gal with yourself, aren't you?" He took hold of her arm and drew her closer so that they walked in almost a single stride.

But she wasn't that and for a moment Page shrank from this role she had set herself to play.

In the next she went on, hurrying her words, giving them the sound of frank confession. "Rufus, it wasn't retaliation, or—jealousy that made me say it. It was—suddenly I realized how stupid Danny and Ross really are, and Lois and Wilma. Oh, I'm like them, I suppose. I play around with them, sometimes, and do the same things and say the same things and think we're awfully clever and all that, but—well, it struck me that Diane might have begun differently! You see Bill hates that sort of thing."

"Must Diane go all the way to him?" Rufus asked dryly.

Page had expected him to agree with her. She said, quickly, "You were bored yourself! You must have been!"

"I? I can always find something or someone to interest me in any bunch."

"Me at the wedding," she thought, miserably. "And tonight watching me meet Bill." Or had it been Diane, tonight? She asked: "Who was it tonight?"

"Young Mrs. Arden. I was figuring out what about her had caught old soberness Bill! Seems darn funny!"

Page jerked her arm from his hold. "If you're teasing me, you're cruel," she said, brokenly.

He took hold of her shoulder and wheeled her around so that she faced him. "Bill I am! But

## Child Conservation League Annual Tea Held

New Officers Take Over Duties At Session

Bright tulips and violets formed a background for the annual officers tea of the Child Conservation league Tuesday afternoon, in the home of Mrs. Luther Bower, Beverly road, past-president of the league with 24 members present.

Dr. G. D. Phillips was guest speaker and used for his inspiring talk the "Pickaway County Youth Canteen". He opened his discussion by saying, "Last February parents and friends of the Youth Canteen members organized the Pickaway County Youth Canteen Parents Association. The purpose of this organization is to foster and promote the interests and purposes of the Pickaway County Youth Canteen; to increase the efficiency and stimulate the effectiveness of their ideals; to inculcate in our youth a spirit of religious and moral responsibility, subordinate respect and civic pride; to provide an avenue of intelligent participation in activities beneficial to the welfare of the youth of Pickaway County; to cooperate with and assist the student council and members of the Pickaway County Youth Canteen in the problems and affairs pertinent to the supervision and operation of that organization.

Youth Canteen Group has been completely reorganized and is now operating under a new constitution and by-laws. Its membership has more than doubled since March and is still increasing. The increase in the rural membership is particularly noticeable. It is hoped that before long the membership of the Youth Canteen will pass the 300 mark with a continued increase expected.

Likewise the membership of the Parents Organization is constantly growing.

An extensive remodeling program for the Canteen rooms on the second floor of the First National bank building is now going on. Contributions are being received to defray the expenses and operating expenses.

Both organizations are conducting various money-making projects, the next one being the auction which will be held Tuesday evening, May 13 at the Pickaway county fairgrounds.

We of the Parents Association feel that our 'teen-agers' will naturally seek the association of other 'teen-agers' and we feel that it is our responsibility to furnish a proper place where these folks can find supervised recreation. We know that by offering them the canteen we are keeping them out of less desirable places.

We sincerely believe that our efforts to bring about the kind of a canteen and a better type of recreational program to which our young folks are entitled, will result in the developing of our youth into better young men and women. Our parents' organization hopes to make the canteen an organization and a place which the entire community will be proud of, and we earnestly solicit the support and cooperation of the people to make this possible."

After Dr. Phillip's address, members of the league had a business meeting. They voted a \$25 donation to the Youth Canteen, and \$5 for the American Cancer control program. Mrs. Frank Susa gave a short resume of next year's program. Mrs.

### JUNIOR Y-TEEN MEMBERS HONOR THEIR MOTHERS

Girl Scout Troop No. 1 Holds Party

Mother-Daughter banquet was held Tuesday evening in the social rooms of the First Methodist church, with members of the Junior-Y-Teen of the Circleville high school as hostesses.

Miss Jean Heine outgoing president of the organization, was assisted in all arrangements for the banquet and program by Miss Betty Skinner, Miss Jean McCain, Miss Lois Campbell and Miss June Neff.

Long tables in the diningroom were decorated in strips of blue crepe paper, bowls of Spring flowers and tall burning blue tapers.

Appropriate Mother's day prayer was offered as the 72 guests found their places marked at the tables. Welcoming address was given by Miss Heine and her mother, Mrs. Walter F. Heine, presented the response.

Miss Sue Brown played a piano solo and Miss Lannie Given gave a reading entitled "Mrs. Pester at the Concert".

Sextet composed of girls of the Junior-Y-Teen society, sang two mother's day songs.

Installation of officers for the coming year was held. Miss Brown will serve as president with Miss Peggy Andrews, vice-president, Miss Jeannie Bell, secretary and Miss Marilyn Winter, treasurer.

Gifts of appreciation were given Mrs. Paul Brown, senior advisor of the group for the past year, and Miss Margie Oyer, the new advisor. Miniature gold crosses and chains were presented. Miss Brown, leader of the freshman class and Miss Joan Hoffman, leader of the sophomore class. Group gave a turquoise bracelet to Miss Heine, in appreciation of her duties as president.

Mr. and Mrs. Lloyd Martin, South Pickaway street, have returned to their home after spending two weeks with their son-in-law and daughter, Mr. and Mrs. Robert Rightmire, Kansas City, Kansas. While there they also visited Mr. Rightmire's mother, Mrs. Lois Rightmire in Wamego, Kansas and spent some time in Manhattan and Topeka. On their return they were guests of Mr. and Mrs. George Jonas, Kansas City, Missouri.

Prizes were awarded after several rounds of bridge to Mr. and Mrs. Taylor and Miss Ater.

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers. It's the cause of your trouble.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when this tract gets blocked food may fail to digest properly.

Christian Family Life has announced that "Life Can Be Beautiful" is one of the ten radio shows best liked by church people for depiction of family life.

Frank Sinatra is so impressed with the quality of Meredith Willson's "Sparkle Time" show that "The Voice" has asked to be the first guest when the program returns to the air — and even went so far as to offer to work free of charge!

The recent "A Date With Judy" show which bore down on the need for increasing school teachers' wages has drawn more fan letters than

any other single "Judy" episode since the program hit the air-waves several years ago, according to Producer-Director Helen Mack.

Ten minutes before the final deadline for cancellation of "Suspense" the program was re-

All the fanfare about Fred

Allen being cut off the air obscured the fact that the comedian has signed for next year at a tremendous raise, going from \$20,000 to \$30,000 a week for the radio package.

# Salary Boosts Voted By Circleville Councilmen

## INCREASES FOR CITY WORKERS SLATED AT ONCE

Police, Fire, Sewage, Health Department Employees To Receive Bonuses

Salary increases for members of the police and fire departments and employees of the sewage treatment plant are provided for in one of three ordinances which were passed as emergency measures under suspension of the rules at a lengthy session of the city council Tuesday night.

The other two ordinances authorized the transfer of cash to the department of public service for tools, equipment, and labor.

The council also passed a motion instructing City Solicitor George Gerhardt to prepare an ordinance providing a pay increase of 5 cents an hour for city service department laborers. That legislation is scheduled for presentation at the next session of council on May 20.

THE SALARY raise ordinance, designated as an amendment to the annual appropriation ordinance, provides "bonuses" as follows:

Fire department—Chief, regular salary \$135, bonus in 1947 of \$500 payable \$35 a month for the first four months, \$45 a month the last eight months; firemen, regular salary \$115 a month, bonus in 1947 \$620, payable \$55 a month for first four months, \$65 a month last eight months. Firemen working overtime will receive 75 cents an hour.

Police department—Chief, regular salary \$135, bonus in 1947 of \$500 payable \$35 a month for first four months, \$65 a month last eight months; policemen, regular salary \$125, bonus in 1947 of \$580, payable \$35 a month first four months, \$45 a month last eight months.

Sewage treatment plant—Chief operator, regular salary \$175 month, bonus last eight months in 1947 of \$10 a month; operators, \$10 a month for last eight months in 1947; clerk, regular salary \$75 a month, bonus \$12.50 a month.

City building janitor—Regular salary \$50 a month, bonus \$12.50 a month.

Health clerk—Regular salary \$66 a month, bonus \$9 a month.

PRECEDING the balloting on the ordinance Solicitor Gerhardt explained to the council that policemen and firemen were given a bonus in 1946 and that the payment of that bonus has continued during 1947 although the ordinance expired Dec. 31, 1946 and no new legislation had been passed to continue it. Therefore, he said, the pay increases now granted are actually for the final eight months in 1947.

The ordinances authorizing the transfer of \$2,500 from the auto license fund to the service department for labor, and the transfer of \$300 from the gas tax fund to the service department for tools and equipment, were designated as amendments to the annual appropriation ordinance.

## Ordinance To Charge For Water Connections Fails

Enactment of an ordinance fixing fees to be charged Circleville residents for the tapping of a water main and for installation of a water meter was blocked at Tuesday night's city council meeting by Councilmen Ray B. Anderson and Boyd L. Horn.

A resolution authorizing a contract with a Columbus engineering firm for the drafting of plans for improvements to the city-owned waterworks was passed by a 5 to 1 vote. The dissenting vote was cast by Councilman Horn.

Proposed abandonment of the city's fire alarm system — now largely crippled — was discussed by the council but no action was taken.

During the prolonged meeting Tuesday night the session was recessed for a period of 100 minutes during which members held executive "off the record" conferences.

AFTER CLERK Fred Nicholas had read the ordinance setting \$25 as the fee for tapping a water main and installation of water service with pipe not larger than three-fourths of an inch, and stipulating an additional fee of \$15 for installing a water meter outside of a dwelling or building — making the total cost \$40 in such cases — Councilmen George L. Crites and John W. Eshelman urged passage of the legislation, but the ordinance was vigorously protested by Councilmen Anderson and Horn.

Declaring that passage of the ordinance would be a betrayal of council's promises to the people, made during the campaign to purchase the water system from the private owners, Councilman Anderson asserted: "We made certain promises to the people and now we should live up to those promises. I'll never vote for

## ELECTION DAY DELAYS COUNCIL BY 40 MINUTES

### \$27,017 BID ON HIGHWAY PROJECT IS SUBMITTED

Bids on bituminous treatment of 11.61 miles of State Routes 665 and 316 in Pickaway and Madison counties were opened Tuesday by the state highway department at Columbus.

The session was scheduled to begin at 8 p.m. However, at that hour the council chamber was dark. The meeting finally got under way at 8:40 p.m. with four councilmen present. They were William M. Reid, George L. Crites, John W. Eshelman, and Ray Cook. City Solicitor George Gerhardt served as clerk in place of Fred Nicholas.

At 9 p.m. Councilmen Ray Anderson and Boyd Horn arrived, and Nicholas, who served as an election official, put in an appearance at 9:20 p.m.
